punctuation, and RMK began work (also for the Ph.D.) on interrogation.

Elicitation work was carried out by RMK and RQ as well as by Wolf Bald [see § II] and - in the United States - by Sidney Greenbaum. Help with statistical testing (especially in connexion with elicitation results) was again given on a consultancy basis by Caroline Bott.

In addition to the exacting preparation and checking of Duplimat copy and material for publication, MC has kept up to date the off-print file and the working library

MB and RMK attended the Manchester meeting of the Linguistic

Association where RMK read a paper on activation of latent contrast by elicitation technique. JP attended a conference in Cambridge on the use of computers in linguistic and literary studies. Several members of the team played a prominent part in the University of London Summer School

(VA, DD, RMK, JP, JW) VA gave a seminar on word-formation at the

RQ visited the universities of Gothenburg and Helsinki, giving public lectures as well as graduate seminars on aspects of the Survey's work. He

also lectured to the Society for the Study of the History of Ideas and the Philosophy of Science in the University of California at San Diego, and to the Philosophy Department of the University of California at Berkeley. He also lectured to the Philosophy Department of the University of California at Los Angeles, and to the Philosophy Department of the University of California at Santa Barbara. He also lectured to the Philosophy Department of the University of California at San Diego, and to the Philosophy Department of the University of California at Berkeley. He also lectured to the Philosophy Department of the University of California at Los Angeles, and to the Philosophy Department of the University of California at Santa Barbara.
